

Clover Bonnet

Pattern by: Amanda Morse

Materials: appx 60-120yd dk weight yarn (I used knitpicks capra), size 6 (4mm) straight needles and double pointed needles (or size needed to obtain gauge), 4mm crochet hook for provisional cast on

Gauge: appx 5sts/inch *Gauge is very important!*

Sizes (appx finished head circumference) : newborn (13ins), 0-3mths (14 ins), 3-6mths (15ins), 6-12mths (16ins), 1-3yrs (17ins)

Notes: In this pattern there is a provisional cast on and an I-cord bind off. If you need guidance on how to do this here are some links to Knitpicks and their tutorials. For the provisional cast on see this link - http://www.knitpicks.com/tutorials/Casting_On__L10070104.html and for the i-cord bind off see this link - http://www.knitpicks.com/tutorials/Binding_Off__L10070205.html.

I-cord instructions - To make an i-cord cast on 3 sts on double pointed needles. Slide these sts to the right of your needle. Knit the row. Slide the sts to the right of the needle. Knit the row and slide the sts to the right of the needle. Continue in this manner until you reach your desired length, occasionally giving the resulting cord a gentle tug.
