Cut yarn leaving a 12" tail, then graft toe using Kitchener stitch.

Weave in all ends

Kitchener stitch:

Place half the stitches on one needle, half the stitches on the other needle, (top and bottom NOT side to side)

Cut yarn (leaving a long yarn tail) and thread through a blunt needle.

Set-up steps: Insert needle purlwise (back to front) through the first st on front needle, leaving the st on the needle. Then insert needle knitwise (front to back) through the first st on the back needle, leaving the st on the needle.

Step 1: Insert needle knitwise through first st on front needle, then slip this st off the needle.

Step 2: Insert needle purlwise through the second st on front needle, leaving the st on the needle.

Step 3: Insert needle purlwise through first st on back needle, then drop this stitch off the needle.

Step 4: Insert needle knitwise through second st on back needle, leaving the st on the needle.

From this point to the end, repeat steps 1-4.

Kitchener stitch can be intimidating, but you get into a rhythm:

Front needle: knitwise drop off, purlwise leave on,

Back needle: purlwise drop off, knitwise leave on,

Repeat!

At the end of the row, there is only 1 stitch left on each needle.

Work steps 1 and 3 once more.
